What is Personal Data?

"Personal Data" shall mean any information relating to an identified or identifiable natural person ('Data Subject'); an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to his/her physical, physiological, mental, economic, cultural or social identity.

Examples of Personal Data can be seen in the relevant Privacy Statement at Appendix 1 (for Parents and Students) or Appendix 2 (for Staff & Faculty)

Use of Personal Data

1. TASIS England (the "School") is an international co-educational day and boarding school, for children in the age range 3 to 18 years.
2. The School is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential.
3. The School processes personal data including names, addresses and contact numbers, both in electronic and paper form, in line with the conditions described within the General Data Protection Regulation (GDPR) in order to:
 - a. provide education and pastoral care to day and boarding students and their parents, delivered by School staff;
 - b. provide academic, examination and career references for day and boarding students and staff;
 - c. fulfil its contractual or other legal and regulatory obligations towards current day and boarding students (both past and prospective) all staff, parents, Directors and others;
 - d. protect the vital interests of all students and all staff employed by the School.

Purpose

1. The School is registered with the Information Commissioner's Office (ICO) as a Data Controller under the GDPR. This Policy is intended to operate in accordance with GDPR relevant guidance and good practice, paying particular regard to the 6 Data Protection Principles set out in the GDPR and summarised as follows:

Personal Data shall be:

- a. processed lawfully, fairly and in a transparent manner in relation to the data subject;
- b. collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes;
- c. adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed ('data minimisation');
- d. accurate and, where necessary, kept up to date;

TASIS is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential.

- e. kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; and
 - f. processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage.
2. The School must maintain the trust and confidence of the whole school community and others with whom the School comes into contact. In all circumstances the welfare of students comes first, but the School is mindful of other legal requirements, such as duties owed to visitors, parents, staff and public authorities.
 3. The School aims never to
 - a. hold or use inaccurate or misleading data;
 - b. keep more data, more categories of data, or keep data for longer than is reasonably required in order to fulfil the 'Purpose' of this Policy;
 - c. disclose personal data to others except in accordance with this Policy;
 - d. use personal data to make any automated decision which affects a student, member of staff or parent;
 - e. sell or transfer any part of its database/s for the purposes of direct marketing.

Access to Data

1. The Proprietary Board of Directors of the School is responsible for Data Control at the School.
2. A request for data held by the School about the individual making the request is termed a Data Subject Access Request (SAR).
3. Individuals are Data Subjects and as such are the 'owner' of the information that is being processed on their behalf by the Data Controller. This is true for all individuals, including children (students).
Any reasonable request by a student, (if known to be of an age that they can make such a request) parent or member of staff for access to personal data held about him/her/their child by the School may be made in writing, using the form provided at Appendix 4 of this policy.
4. It does not follow that, just because a child can make a SAR, they also understand what providing consent to sharing their personal data with others means. This will be reviewed on a case-by-case basis.
5. Parent's making a SAR on behalf of a child should be advised that the child might be deemed to be of an age whereby their consent should be sought. If so, the consent and express permission of the child will be sought prior to any release of data.
6. Where required, consent to collect and process personal data will be sought at the point of collection, and recorded.
7. If a SAR is made for information containing, in whole or in part, a student's 'educational record', a response must be provided within 15 school days. 'School days' are days that the School is in usual operation. School holidays and Bank Holidays are not counted as 'School days'. A fee may be levied for us to deal with this kind of SAR.
8. If the SAR does not relate to any information that forms part of the educational record, then the 30-day time limit for responding as required by GDPR applies. In this instance, days are elapsed days, not School days.
9. The School shall not be required to disclose data which is exempt or partially exempt from disclosure. For instance:
 - a. where applicable, when disclosure of particular data would be likely to cause serious harm to the health of the person requesting disclosure or to someone else;
 - b. examination scripts within a specific timeframe of the examination;
 - c. employment references made by the School which remain in the control of the School;
 - d. planning information relating to staff, if it may be deemed to damage School business to disclose it;
 - e. when the data is held for national security reasons;
 - f. if it is in the public interest.

TASIS is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential.

10. The School may also withhold medical data if it is held under the professional jurisdiction of the School Doctor/Medical Officer. In those circumstances, the parent, student or member of staff (as appropriate) may be required to contact the School Doctor/Medical Officer direct in order to arrange access to this data.
11. Decisions about disclosing third-party information should always be on a case-by-case basis. A blanket policy of withholding it must not be applied.
12. Appendix 3 of this policy provides guidance on making a SAR to TASIS England.
13. For more information please see the latest version of the *Subject Access Code of Practice* published on the Information Commissioner's Office website - <http://www.ico.org.uk>.

The School uses an array of measures to protect personal data stored on computers, and internal IT systems including file encryption, anti-virus and security software, user passwords, audit trails, backup systems and 2 factor authentication where required. Further information can be seen in our E-Safety Policy.

6. Staff should not remove personal data from the School's premises unless it is stored on a password-protected computer or encrypted memory device, in accordance with the School's E-Safety Policy.
7. All laptops and PCs are secured with the requirement for login and passwords.

Any reference will be fair, balanced and reasonable and will be provided in good faith.

Examples of this information include the revealing of racial or ethnic origin; the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person or data concerning health.

Your rights in relation to your personal data

You have a number of rights over your personal information, which are:

- if information is incorrect you can ask us to correct it; 
- you can also ask what information we hold about you and be provided with a copy;
- you can ask us to delete the information that we hold about you in certain circumstances;
- you can ask us to send you, or another organisation, certain types of information about you in a format that can be read by computer;

- prevent us using personal data and information for the purposes of marketing. 

If you have provided consent for the processing of your data you have the right (in certain circumstances) to withdraw that consent at any time, which will not affect the lawfulness of the processing before your consent was withdrawn. 

What personal data do we hold?

As part of your visit to the School we store and use your personal details and information about your visit for the purposes of managing and operating the School.  We use CCTV throughout the School for the purposes of crime prevention, security and health and safety and, accordingly, will capture imagery of visitors to the School.

- Contact details, contact preferences, date of birth, identification documents, car registrations 
- Safeguarding information 
- Photographs 
- CCTV images captured in school

What is the legal basis on which we collect and use your personal data?

- to be able to do so, we need to understand details of who is on site and to be able to communicate with them.

Where we are required by law to hold certain records, then we collect and hold those records to comply with that legal obligation.

Less commonly, we may also process visitors' personal data in situations where:

- we have obtained consent to use it in a certain way; or
- we need to protect the individual's vital interests (or someone else's interests).

Where we have obtained consent to use visitors' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent and explain how consent can be withdrawn. ^L_{SEP}

Some of the reasons listed above for collecting and using visitors' personal data overlap, and there may be several grounds that justify our use of this data. ^L_{SEP}

We do not share information about visitors with any third party without consent unless the law and our policies allow us to do so. ^L_{SEP} Where it is legally required, or necessary (and it complies with data protection law) we may share personal information about visitors with:

Appendix 4 –Data Subject Access Request (SAR)

Rights of access to information

There are two distinct rights of access to information held by schools about students.

1. Under the General Data Protection Regulation (GDPR) any individual has the right to make a request to access the personal information held about them.
2. The right of those entitled to have access to curricular and educational records as defined within the Education Student Information (Wales) Regulations 2004.

These procedures relate to subject access requests made under the GDPR.

Requests for information can be made verbally or in writing, which includes email, using the form below.

Responding to a SAR

If the initial request does not clearly identify the information required, then further enquiries will be made.

Before we process a SAR or release information to you, we need to be confident of your identity so we may ask you for additional information in order to verify it, for example:

- Passport
- Driving licence
- Utility bills with the current address
- Birth / Marriage certificate
- P45/P60
- Credit Card or Mortgage statement
- This list is not exhaustive.

Any individual has the right of access to information held about them. However with children, this is dependent upon their age (depending on the child's age and level of understanding) and the nature of the request. The Head of School should discuss the request with the child and take their views into account when making a decision. At 13 years of age a child can refuse to consent to the request for their records. Where the child is not 13 or older an individual with parental responsibility or guardian should make the decision on behalf of the child.

The response time for SARs, once officially received, is 30 days (not working or school days but calendar days, irrespective of School holiday periods unless it for an 'educational record'). GDPR allows exemptions as to the provision of some information; therefore all information will be reviewed prior to disclosure.

TASIS is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential.

Third party information is that which has been provided by another, such as the Police, Local Authority, Health Care professional or another school. Before disclosing third party information consent should normally be obtained. There is still a need to adhere to the 30-day statutory timescale.

Any information which may cause serious harm to the physical or mental health or emotional condition of the student or another should not be disclosed, nor should information that would reveal that the child is at risk of abuse, or information relating to court proceedings.

If there are concerns over the disclosure of information, then additional advice should be sought.

Where redaction (information blacked out/removed) has taken place then a full copy of the information provided should be retained in order to establish, if a complaint is made, what was redacted and why.

Information disclosed should be clear, thus any codes or technical terms will need to be clarified and explained. If information contained within the disclosure is difficult to read or illegible, then it should be retyped.

Information can be provided at the School with a member of staff on hand to help and explain matters if requested or provided at face-to-face handover. The views of the applicant should be taken into account when considering the method of delivery. If postal systems have to be used, then registered/recorded mail must be used.

Complaints

Complaints about this procedure should be made to the Head of School who will decide whether it is appropriate for the complaint to be dealt with in accordance with the School's [Complaint's Policy for Parents of Students](#).

Complaints which are not appropriate to be dealt with through the School's complaint procedure or cannot be resolved by the School can be dealt with by the Information Commissioner. Contact details of both will be provided with the disclosure information.

Contacts

If you have any queries or concerns regarding this procedure then please contact either Jason Tait, Director of Pastoral Care at jtait@tasisengland.org or Mary Biddlecombe, Director of Human Resources at mbiddlecombe@tasisengland.org .

Further advice and information can be obtained from the Information Commissioner's Office, <http://www.ico.gov.uk>.
